Intellectual Property

Al Motabaa ensures your intellectual property is protected, helping you establish rights, manage your portfolio, and defend against infringements. Our services include trademark registration, copyright enforcement, and protection of designs, domain names, and database rights, providing tailored support to secure your assets and prevent misuse.

Al Motabaa helps maximize the value of your intellectual property by advising on licensing, brand development, and exploitation opportunities. We handle opposition and infringement actions to protect your reputation and financial interests, empowering you to leverage IP for business growth and innovation.
